### Notes and Sources:

<sup>1</sup> From the WCSD's September 2018 3rd Friday enrollment count. The "Total" column includes both resident students and non-resident students enrolled in WCSD schools (i.e., open-enrollment-in, tuition waiver). The "Resident" column includes only students who reside within the WCSD boundary.

<sup>2</sup> Projections in this table do not include any open enrollment of non-WCSD residents into schools in the District. The consultant assumes constant rates of open enrollment out, private school enrollment, and home and virtual schooling of WCSD residents.

<sup>3</sup> Building capacities as reported from the 2018 Educational Space Analysis by Plunkett Raysich Architects.
