EDUCATIONAL PHILOSOPHY

The Winneconne Community School District assumes educational responsibility for all youth living within its boundaries. It shall strive to provide equal educational opportunities for all pupils. Because each child possesses unique individual capabilities and needs, we believe that educational opportunities should be provided that allow the necessary support and flexibility for each child to develop his/her own potential.

The primary focus of the Winneconne Schools is to educate the total child on both cognitive and affective levels. We believe that the basic skills of reading, writing, speaking, thinking, listening, computing, and evaluating are fundamental to learning in all educational areas and that the development of personality, emotional maturity, physical and mental health, and civic, social, and economic awareness should be interwoven in the fabric of the individual's total education. In addition to basic skills, the district shall also provide experiences which encourage creativity, intellectual curiosity, independent thinking, and healthy lifestyles.

We consider that the purpose of public school education is to develop individuals who, in a world of continual change and progress, can demonstrate academic competence, leadership and responsibility, self-discipline, and respect for other individuals. Although teachers, administrators, and the school board accept primary responsibility for providing educational opportunities, we also believe that obligations must be assumed on the part of the children, their parents, and the entire community.

MISSION STATEMENT

Winneconne Middle School maintains its high academic standards while providing each student with challenging opportunities in a safe, nurturing environment where students experience success and become lifelong learners. In partnership with parents and community, we strive to develop responsible, creative, productive citizens who respect themselves and others, set goals with a positive attitude, think critically to solve problems, and adapt to the changing nature of our world.

ADMINISTRATIVE CODE

In response to recent federal and state legislation, the Winneconne Community Schools have adopted an Administrative Code regarding the maintenance and confidentiality of student records. Because this Administrative Code affects all students both presently enrolled and those who will be leaving the Winneconne Community Schools, it is important that students and parents be made aware of the written policy governing the content, maintenance, and confidentiality of student records. The right to privacy and the protection of confidential information is the concern of the Winneconne Community Schools. Anyone wishing more information on the Administrative Code or necessary permission forms should contact the building principal or counselor.

ATTENDANCE POLICY AND PROCEDURES

Schools are required by State Statute comply with Compulsory School Attendance Laws.

Students are expected to attend all of their classes daily and remain in the middle school building from 7:53-3:15. Students who are absent or tardy are to have a parent or guardian call the middle school office before 9:00 a.m. to inform school officials of the student's absence and reason for it. If a phone call is not received by 9:00 am, the student will be marked unexcused. Parents may report their student's absence by emailing to our attendance email at MSATTENDANCE@W-CSD.ORG. Students who are tardy to school must report to the office upon arrival. Students who must leave the building for medical/doctor appointments during the school day must have a written or phoned parental permission. Students need to stop in the office to obtain a pass to leave the building. Students who become ill during the day will need parental/guardian permission in order to leave the building and must check out through the office before leaving. Students may only leave the building with a parent, legal guardian or an adult designated by the parent.

ANTICIPATED ABSENCES

Anticipated absences require students to bring a note from their parent or guardian to the office at least two (2) days prior to the scheduled absence(s). Students must inform teachers of the anticipated absence. All assignments are the responsibility of the student.. Anticipated absences are allowed for the following reasons: family trips, and vacations, non-school competitions, pressing personal business, and deer hunting. Please realize that even prearranged excused absences count as incidences of absence and are therefore subject to state statutes and the district attendance policies.

EXCUSED ABSENCES

Absences because of illness, family emergency, and/or approved school activities are excused if the school is notified by the parent/guardian within 48 hours of the absence. Medical absences (medical/dental appointments) may be excused by a note from the physician/medical provider when the note with the dates of the absence(s) is turned into the office within 48 hours of the student's absence.

EXCESSIVE EXCUSED ABSENCES

Parent notification will occur when a student accumulates an excessive number of excused absences. An "absence" occurs any time a student misses any portion of the school day, regardless of the length of time the student is away from school. A written statement from a doctor is required in situations where a pattern of excessive excused medical absences from school has occurred. Absences not accounted for in this manner will be considered unexcused after the tenth absences. A student may not go over ten excused medical and non medical days in a school year.

UNEXCUSED ABSENCES/TRUANCY

Truant means any absence of part or all of one or more days from school during which the school has not been notified of the legal cause of such absence by the parent/guardian of such student. A student that has a fever of 100.0, has vomited or has had 2 or more episodes of diarrhea, will be sent home and cannot return to school until symptom free for 24 hours. Please notify the health office if your child will require medication (prescription or over the counter) during the school day. The school nurse or designated district personnel will administer the medication to your child. Please refer to the "Guidelines of when to keep your child home" located on the school website. If it is necessary for the student to go home, the parent/guardian will be contacted. WCSD policy and procedures for Bully Prevention: Bullying is persistent unwelcome behaviors, mostly using unwarranted or invalid criticism, nit-picking, fault-finding, also exclusion, isolation, being singled out and treated differently, being shouted at, humiliated, excessive monitoring such as following, making verbal or written threats. This also includes Cyber bullying. Cyber bullying includes, but is not limited to the following misuses of technology: harassing, teasing, intimidating, threatening, or terrorizing another person by sending or posting inappropriate and hurtful e-mail messages, instant messages, text messages, digital pictures or images, Web site postings, including blogs, and all social media. The bully will be handled through our bully prevention program and appropriate disciplinary measures.

The district and the middle school take a vigorous stance against bullying. We ask for your understanding and cooperation with any bullying situation. There are normally two sides to each situation and many times there is fault by both parties in a bullying situation. We encourage students and parents to report all bullying concerns to a teacher, Mrs. Kaiser or Mr. Schroeder. Please call your principal, Mr. Schroeder with any questions.

The Winneconne Community School District strives to provide a safe, secure and respectful learning environment for all students in school buildings, on school grounds, and school buses and at school-sponsored activities. Bullying has a harmful social, physical, psychological and academic impact on bullies, victims and bystanders. The school district consistently and vigorously addresses bullying so that there is no disruption to the learning environment and learning process.

Prohibition

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report. 5517.01 - BULLYING

The Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, including at any of the school buildings or other property used exclusively or in part, whether leased or owned by the District, for the purpose of school-related functions or events; or while traveling to or from school or to and from school-sponsored functions or events; in transporting vehicles arranged for by School District officials. The policy applies as well during activities that occur off school property if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips athletic events where students are under the supervision of school authorities, or where an employee is engaged in school business, or where there is otherwise a connection to the school such that the conduct at issue affects or is intended to affect the student's educational environment.

Bullying is deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well being. The behavior may be motivated by an actual or perceived distinguishing characteristic, such as, but not limited to: age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status; however this type of bullying behavior need not be based on any of those particular or other particular characteristics. It includes, but is not necessarily limited to such behaviors as stalking, cyberbullying, intimidating, menacing, coercing, name-calling, taunting, making threats, and hazing.

Any student that believes they have been or is the victim of bullying should immediately report the situation to the building principal or assistant principal, or the District Administrator. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the District Administrator. Complaints against the District Administrator should be filed with the Board President. Every student is encouraged to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above. All school staff members and school officials who observe or become aware of acts of bullying are required to report these acts to the building principal or assistant principal, or the District Administrator.

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report.

All complaints about behavior that may violate this policy shall be investigated promptly by the building principal. The staff member who is investigating the report of bullying shall interview the victim(s) of the alleged bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report. Parents and/or guardians of each student involved in the bullying report will be notified prior to the conclusion of the investigation. The District shall maintain the confidentiality of the report and any related student records to the extent required by law.

If the investigation finds that bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include student discipline, including, but not limited to reprimand, suspension, or possible expulsion. Further, the result of an investigation that finds that bullying has occurred may result in discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken. This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally making a false report may result in disciplinary action as indicated above. The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, regardless of whether it fits a particular definition, she/he should report it and allow the administration to determine the appropriate course of action.

"Bullying" is defined on page one. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
- D. "Cyberbullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal websites, and defamatory online personal polling websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others."

The Board recognizes that cyberbullying can be devastating to young people because:

1. cyberbullies more easily hide behind the anonymity that the Internet provides;
2. cyberbullies spread their hurtful messages to a very wide audience with remarkable speed;
3. cyberbullies do not have to own their own actions, as it is usually very difficult to identify cyber bullies because of screen names, so they do not fear being punished for their actions;
4. the reflection time that once existed between the planning of a prank – or a serious stunt – and its commission has all but been erased when it comes to cyberbullying activity; and
5. hacking into or otherwise gaining access to another's electronic accounts (e-mail, social media, etc.) and posing as that individual with the intent to embarrass or harm the individual.

Cyberbullying includes, but is not limited to, the following:

1. posting slurs or rumors or other disparaging remarks about a student on a web site or on weblog;
2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive-up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing photographs of students;

HARASSMENT

Harassment is unwanted behavior that interferes with the rights of individuals to study, work, and enjoy school. Everyone has the right NOT to be harassed, and the staff at Winneconne Middle School believes strongly that all students should feel safe at school. Harassment complaints will be handled seriously and investigated fully. Harassment can be sexual, physical, verbal or non-verbal.

Sexual harassment is unwelcome behavior (physical or verbal) of a sexual nature. School policy, as well as state and federal laws, prohibits sexual harassment. Sexual harassment includes, but is not limited to, sexual kidding or verbal abuse; petting, pinching, grabbing, or brushing against

someone in a sexual way; telling of sexual jokes, or making sexual innuendos, spreading sexual rumors about another; or displaying or distributing sexually graphic material.

Physical harassment may include a student who engages in repeated acts to intimidate a person by strikes, shoves, kicks, unwarranted or unwelcome sexual behavior or otherwise subjects the person to physical contact or threatens to do the same.

Verbal harassment may include any spoken or written communication that is not asked for, not welcome and not returned. The behavior offends, upsets, humiliates, intimidates or scares another person.

Non-verbal harassment may include displaying offensive or insulting material, suggestive looks or leers, unwelcome practical jokes, mimicking someone with a disability, sabotaging someone's school work, offensive hand or body gestures, encouraging others to remark or harass another person. What can YOU do about harassment?

- a. Say, "Stop," and tell the harasser you do not like his/her behavior and you want it to end.
- b. Report the harassment to a teacher, counselor, parent, or administrator.

BACKPACKS

Backpacks must remain in the student's locker. If the backpack does not fit in the locker, the student may make arrangements with their second hour teacher. Students are not allowed to carry them to and from classes. Backpacks may be used to carry the student technology device with administrative approval.

LOCKER REGULATIONS

School lockers are the property of the Board of Education and are provided for the convenience of students. Students are assigned a locker. Students should keep his/her locker combination confidential. Lock your locker at all times. (locks are available through the middle school office). Due to school safety concerns, personal locks not issued by the school will be cut off. If damage occurs to a locker, report this immediately to the office. If damage is not reported, the student to whom the locker was assigned will be held accountable. School officials retain the right to search lockers at any time and may schedule locker clean outs periodically. Students need to keep lockers sanitary; Open beverage/drink containers and old food are not allowed in lockers.

SEARCH AND SEIZURE

The school retains the right to conduct searches. Reasons for searches include suspicion of concealing alcohol, tobacco products, E-cigarettes, drugs, disruptive material, weapons, contraband, or other items which pose a danger to the health and safety of others. Various searches including the use of canines, breathalyzers, and metal detectors may be conducted on school property and/or at school activities. Discovery of illegal materials may result in legal referral, suspension, and/or expulsion procedures.

BUS PASSES

Bus passes are required for when a student is using busing other than their scheduled route or stop. To request a bus pass, simply write a note the day the other busing is required and have your student present the note to their school office by 1:00. When requesting a bus pass please provide the following information:

- Name of student requesting the ride and the name of the student they are riding with
- Bus route number they wish to ride
- Bus stop they wish to use

Bus stop they wish to use(NOTE: Students may take only ONE friend home with them using a bus pass.) Bus passes may be denied if there are not enough seats on the bus. A fee may be charged depending upon address. If your address changes during the school year, please obtain and fill out a form from the school office. Please allow at least one week for any address changes to the students pick up or drop off location.

Please help us ensure your child's safety by following these simple but important procedures:

- Make sure your child arrives at the bus stop at least *five minutes early* each day. Children who are late for the bus may panic and chase it, or run into the road creating an unsafe situation.
- Insist that your child wait for the bus safely in an orderly fashion, back from the roadway to avoid creating hazardous conditions for children.
- When the bus arrives, your child should wait for the bus driver's signal before boarding and then board single file.
- Remove long drawstrings or other dangling items from your child's clothing and backpack to avoid these items getting snagged in the bus door as they get off the bus. Consider bright clothing or backpacks with reflective material to make your child more visible at the bus stop.
- Teach your child to sit quietly on the ride to and from school. Behavior problems could distract the bus driver and could result in an accident. It is important that our drivers are able to concentrate on driving the route safely.

VIDEO CAMERAS ON SCHOOL BUSES

The Winneconne Community School District Board of Education has approved the use of video cameras on school buses for the primary purpose of reducing disciplinary problems and vandalism. This allows bus drivers to focus their attention on driving the buses in order to maximize safe transportation for all students. Only the Transportation Coordinator, Bus Drivers, Bus Contractors, Principals, and the District Administrator shall be authorized to view the videotape under normal circumstances. Disciplinary action may be taken with a student based on video documentation.

BUS SAFETY RULES

Each student who rides a bus will be expected to behave in a manner which will make the ride safe and pleasant for passengers and bus driver and keep the bus on schedule. The following rules shall be enforced for all riders:

1. Students riding school buses are expected to cooperate to the fullest extent with the bus driver. The bus driver has the same authority over students riding the bus as a teacher has over students in the classroom.
2. Bus riders are to be waiting and prepared to promptly board the bus when it arrives at the assigned pickup point. Help keep the bus on schedule.
3. Upon entering the bus, take your seat quickly without disturbing or crowding other students. No one is allowed to stand while the bus is in motion.
4. Be reasonably quiet while on the bus. Yelling, loud talking or laughing, or any other unnecessary confusion diverts the bus driver's attention and may result in an accident.
5. Help keep your bus clean and neat at all times.
6. Bus riders are to be courteous and cooperative to students and the bus driver.
7. If seats are assigned by the bus driver, students are to sit in their assigned seats.

8. When about to leave the bus, remain seated until the bus stops. If you must cross the road after getting off the bus, cross in front of the stopped bus—at least 10 feet in front of the bus. Do not cross the road until the driver signals that it is safe for you to cross.
9. Students must ride on the bus to which they are assigned.
10. Students are to get off the bus only at their assigned stop unless written permission from a parent is presented at the office, where a bus pass will be issued.
11. Only persons authorized by the administration may ride a school bus.

SCHOOL BUS DISCIPLINE

Bus drivers have the option to give verbal warnings or choose to file a written report to students on the bus for minor offenses. The bus driver may choose to file a school bus incident report to the school office. If reported, the administrator determines what step placement or action should be taken due to the severity of the incident.

Step 1: The completion of a school bus incident report is filed in the school office. The incident report will be sent to parents.

Step 2: The completion of a school bus incident report is filed in the school office. The student may be suspended from the bus for up to 2 days. The parents may be required to meet with the administrator and the transportation coordinator.

Step 3: The completion of a school bus incident report is filed in the school office. The student may be suspended from riding the bus for up to 3 days. Along with the incident report, a letter from the district administrator indicating that, should there be another incident, the student may be expelled from riding the bus.

Step 4: Should there be an additional incident after the procedures listed above have been followed, the student will be suspended from the bus for up to 15 days, pending a hearing before the Board of Education. The Board will review the incidents and make a determination as to whether the student will be allowed to continue to ride the bus or be denied transportation for a specific period of time.

Appropriate behavior may be rewarded in this progressive step system. If a bus incident report is filed after 45 school days of “incident-free time period” the student may remain at the current step rather than progressing to the next step. For example, depending on the severity of the incident and a 45- day “incident-free” time period, a student at step 2 may remain at step 2.

**The school board or administration reserves the right to suspend and/or terminate a student’s bus riding privileges upon the occurrence of any misconduct depending on the severity of the incident.

**When disciplinary actions occur at the end of a school year, and when time does not permit a suspension to be served, the suspension will be held the next school year.

ALTERNATE BUS TRANSPORTATION REQUESTS

If a family lives more than 2 miles from school or lives west of the bridge in the village of Winneconne, parents may request that their child be transported to an address other than their legal residence (alternative busing) for the purpose of before and after school child care. If parents request alternative busing, they must understand that the alternative address is the only address to which the child will be bused. The child will not be transported to their home on one day and the alternate location on another day unless approved by the District Administrator. The alternate location must be located along a regularly established route. A bus will not add mileage to its route to stop at an alternate location. Alternate Bus Transportation requests must be

received and approved by the Transportation Coordinator before the child is permitted to ride a bus to ensure there is no overcrowding on the school buses.

EXTRACURRICULAR SCHOOL ACTIVITIES BUS DISCIPLINE

In the event of a student problem during extracurricular school activities, the advisor or coach is responsible for student behavior. The following procedures will be used.

First Incident	Verbal warning/reprimand.
Second Incident	Written warning. A meeting will take place between the Transportation Coordinator, Athletic Director, Principal, Coach or Advisor and Student.
Third Incident	Student is suspended from the next event or activity. A meeting between aforementioned people will take place.
Fourth Incident	Removal from sport or activity.

Students who find lost articles should take them to the office, where the owner can claim them in the LOST AND FOUND.

FREE OR REDUCED SCHOOL LUNCH

Food items brought to school intended for a group are limited to four or fewer students, the group may be required to eat in an alternative location to minimize commons/lunch disruptions.

PHYSICAL EDUCATION MEDICAL POLICY

Cell phones may be collected by the classroom teacher and placed in sleeves upon entering the classroom and remain there until the end of class. Violation of these rules may include temporary confiscation including the device being taken away from the student for the remainder of the school day. Students are allowed to use the office phone in cases of emergency. Building administration may involve law enforcement if the device

is used for any illegal purpose or for a purpose that causes harm to others. The Winneconne Community School District does not accept responsibility for lost or stolen devices. STUDENT TECHNOLOGY USAGE AGREEMENT

Winneconne Community School District (WCSD) provides students with access to the District's electronic communications system for educational purposes. The electronic communications system is defined as the District's network, servers, computers, mobile devices, peripherals, applications, databases, online resources, Internet access, email and any other technology designated for use by students. With this educational opportunity comes responsibility. The District uses filtering technology and protection measures to restrict access to inappropriate material; it is not possible to absolutely prevent such access. It will be each student's responsibility to follow the rules for appropriate and responsible use. Access to the WCSD network is a privilege and administrators and faculty may review files and messages to maintain system integrity and ensure that users are acting responsibly.

All students in WCSD must adhere to the following standards of responsible use:

- The District may review files and communications to maintain system integrity and ensure that users are using the system responsibly. Users should not expect that files stored on district servers, or authorized storage sites will always be private.
- Students are responsible at all times for their use of the District's electronic communication system and must assume personal responsibility to behave ethically and responsibly, even when technology provides them the freedom to do otherwise.
- Students must log in and use the WCSD filtered wireless network during the school day on personal electronic devices.
- Students must not access, modify, download or install computer programs, files or information belonging to others.
- Students must not waste or abuse school resources through unauthorized system use (e.g. playing online games, downloading music, watching video broadcasts, participating in chat rooms, etc.).
- Students must not alter computers, networks, printers or other equipment.
- Students must not release personal information on the Internet or electronic communications. Unless such release has been approved by a staff member.
- Students are not allowed to publish any image (picture, video, recording, or copied text) of other students or staff members in any manner without approval of the person whose image is being used. This permission may be granted verbally; however, at any time revocation for use may be given.
- Personal WCSD network access information should not be conveyed to other students or attempts be made to use anyone else's accounts.
- Students must not create/publish/submit or display any abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation or illegal and should report any instances encountered.
- Vandalism, damage whether accidental or intentional, or theft of district equipment will result in disciplinary action against the student. The minimum punishment will result in student responsibility to pay for repair or replacement of the equipment.
- Students shall adhere to all laws and statutes related to issues of copyright or plagiarism.
- Violation of any of these standards may result in suspension of computer use, Internet privileges and/or other disciplinary action.

The District makes no guarantee that the functions or the services provided by or through the district system will be error-free or without defect. The District will not be responsible for any damage the user may suffer, including but not limited to, loss of data or interruptions of service.

The District is not responsible for the accuracy or quality of the information obtained through or stored on the system. The District will not be responsible for financial obligations arising from unauthorized use of the system. Computer network privileges, including Internet access, will be granted only after the online registration signature page acknowledging the WCSD Technology Responsible Use policy is received. By signing, you and your child agree to comply with the responsible use policy presented here.

WIRELESS INFORMATION AND 1 TO 1

To connect to the Internet, it is mandatory that the device utilize the WCSD wireless network. The student will be expected to log in using their school supplied user ID and password. By logging into this network, the student is accepting the terms of the WCSD Student Technology Usage Agreement. Once on this network all users will have the same filtered Internet access they would have when using a district-owned device. Whether or not a student is using a district-owned device or a student-owned device, all aspects of the acceptable use agreement above will be enforced. In addition: If a student damages, or steals another student's personal device will result in disciplinary action; which could include police contact and restitution. For more information about 1 TO 1 at WCSD, please contact the District Technology Facilitator.

GRADING AND REPORTING

At the end of the first 9 weeks of the school year, we begin to report out academic grades and behavior scores/ratings to parents and students. Progress report grades are intended to be a snapshot in time and not a cumulative final grade. The report can be found by logging into family access and navigating to the portfolio tab. Each progress report will be posted as a separate link. Additional progress reports will be posted every 4 ½ weeks during the school year.

The middle school reports out Winneconne Way PAW student behavior ratings on each progress report. Each teacher gives feedback to parents and students with a PAW behavior rating for their class. Each teacher gives three behavior ratings for each student using the PAW. (Practice Kindness, Always show Respect, Work to do your Best.) The behavior ratings are; 3 = Consistently, 2 = Sometimes, 1 = Rarely. The WMS classroom PAW behavior descriptors rubric will help parents and students see the behavior items being evaluated.

FOCUS TIME

Focus Time is a 30-minute period block of time built into the end of each school day. Students get access to important academic resources (teachers, computers, library, tutors, study groups, guest speakers, etc.) to support their learning. The Focus Time offerings are designed to support instruction in students' current coursework and to extend learning opportunities. TARGETS BASED LEARNING AND GRADING POLICY AND PROCEDURES

Formative Assessments / Homework / Practice

- Homework/practice is not part of a student's summative grade - not graded
- Formative assessments such as quizzes, check-ups, etc . are not part of a student's summative grade of the students overall grade. Formative work is used to determine a student's progress toward understanding and proficiency of a learning target or standard and is not always practical to redo or retake.

Proficiency Scale Score ratings

- Learning Indicators used to be used to report out to families regarding the level of proficiency on targets/standards via summative assessments.
(1 Needs Support, 2 Approaching, 3 Proficient)
- Incomplete regarding assessment and grading; An incomplete can mean that the student has not completed required assessments, and as a result there is no evidence to determine learning.
- Scale Score Average and Grading;

Grade	Scale	GPA Amount
A	2.85 - 3.0	4
A/B	2.71 - 2.84	3.5
B	2.57 - 2.70	3
B/C	2.43 - 2.56	2.5
C	2.29 - 2.42	2
C/D	2.15 - 2.28	1.5
D	2.0 - 2.14	1
NC/F	1.99 or Below	0

Summative Assessments (Reassessments - Redos and Retakes)

Students are given opportunities to demonstrate their current level of understanding and proficiency of targets/standards via summative assessments. Students will be allowed to redo/retake any summative assessment recorded as evidence proficiency of a learning target or standard. These opportunities are intended to allow students to demonstrate their improved level of competence with respect to a learning target or standard. This procedure requires additional learning on the part of the student, and additional teaching by the teacher before another assessment opportunity is provided. In these situations, students need to follow the retake procedure of that teacher.

WMS Summative Reassessments Values

- Reassessments are not intended to be used as a regular practice by the student. It is the teacher's discretion to deny a redo/retake when it is being abused. Retesting is allowed on all summative assessments that are reflected in what is reported out to families. Teachers and students will agree to the time frame allowed for reassessment.

- Reassessments may occur during a normal class period or an alternative time may be arranged between student and teacher depending on the number of students retesting.
- Reassessments are awarded full credit.
- Students must demonstrate new evidence of learning to reassess. Students who choose to participate in redos/retakes must participate in reteaching, tutorials, or other review activities as assigned by the teacher in preparation for retaking an assessment. Students must make arrangements with the teacher before retaking the assessment. All assignments pertinent to the assessment must be completed by the student before a retake/redo will be permitted.
- A reassessment may be the entire assessment or parts of the assessment. The redo/retake will cover the same material, but may have different questions and/or different format. For example; reassessments can occur in multiple forms, such as another assessment similar to the first, oral discussion with the teacher, or another method that is mutually agreeable between the teacher and student.
- The new grade will represent the most recent evidence of learning. (The grade/score of the retake.)
- Assessments that appear within a marking period must be given the opportunity to be reassessed during that marking period.

Extra Credit

- Extra credit is not offered as a means to improve a grade(s) because the academic grade is based on proficiency of the course learning targets / standards. Extension or alternative assignments/assessments may be offered to show proficiency.
